Arrival

By train to the Locarno railway station and then a 10-minute walk to Via B. Luini 12 («La Ferriera» building).

By car either directly to your hotel in Locarno (use the hotel carpark) or to Via B. Luini 12. There are a limited number of parking spaces available in the «La Ferriera» building. The entrance to the carpark is from Via Ciseri.

Hotel accommodation

Participants are responsible for their hotel costs and traveling expenses.

System Brunner recommends the following hotels in Locarno that offer a special price:

Hotel Pestalozzi (***), Locarno,
ca. 3 minutes walk to System Brunner AG
www.hotelpestalozzi.ch

Hotel Belvedere (****), Locarno,
ca. 15 minutes walk to System Brunner AG
www.belvedere-locarno.ch

Further information

Should you have any questions or need further information, please contact Mrs. Katia Dedini under Tel. +41 (0)91 759 73 00 or by e-mail: admin@systembrunner.ch.

Course conditions

The course fee is CHF 2500,- (EUR 1500,-). Your registration is legally binding after receipt of payment. The fee includes lunch, drinks during the breaks, and the group dinner on Monday evening. If course registration is cancelled by the participant up till 14 days before the course starts, the full fee less a handling charge of CHF 90,- (EUR 60,-) will be refunded. If attendance is cancelled up till 7 days before the course starts, 50% of the course fee will be refunded, and in the event of later cancellation the full fee will be charged. It is possible to send a replacement in which case the participant is not faced with any additional costs. No further concessions can be claimed from System Brunner AG.

Course instructors

Elmar Metzger

(Printer, Graduate Production Specialist, System Consultant)

Elmar Metzger has been a system consultant with System Brunner AG for 20 years. As head of the consultancy team he is responsible for managing projects and specializes in printing. His tasks at System Brunner AG include in particular acceptance tests for printing presses and CTP systems, consultancy in all aspects of quality control, standardization and process optimization, and conducting training courses.

Mathias Schunke

(BSc. Polygraphic Technology, System Consultant)

Mathias Schunke has been a system consultant with System Brunner AG in Switzerland since 2005. He is responsible for managing projects and specializes in prepress. His tasks at System Brunner AG include in particular Product Management of Process Control Systems (Print Expert® Suite, ProcessPilot®), as well as consultancy and training in the areas of quality control, standardization and optimization of prepress processes.
